The American Legion

LEGION
WISCONSIN

Fundamentals of Information Technology for Posts Extras

SEWIVETS.ORG

- Bought this Domain Name for the Post
- Create Websites for small veteran groups that can't do it themselves.
  - Kenosha Area Vietnam Veterans
  - Local Hero's Café
  - 40 et 8
- Legionnaires are involved already, and we have gained some members.
- Ask for a little each year to help finance the domains.

Red White & Blue Pages

- Advertisements for VOB's and Veteran Friendly Business

- I include spouses and Kids of vets because I know what mine went through.

- Ads are free, but we could ask for a donation at some point

- Nice way to say thanks to businesses like Mission BBQ that bends over backwards for Veterans.

Raspberry Pi

- Surprisingly inexpensive and capable computer
- About the size of a deck of cards with a case
- If you have and extra KVM around. It could be as cheap as $25 to get a slideshow like this up and running.
- Linux Operating System.
- All software is free, including capable versions of MS Office.
- If you like to tinker…

Downloads

- On Post 21's Website in the Community Menu
  - https://alpost21.com/fundamentals-of-it-for-posts/
- My Email is there, and I'll see comments.
- Poke around the website. I welcome comments and suggestions.

Thanks to the following:

- Kenosha, Paul Herrick, Post 21 By-Laws Committee:
  - Commander Thomas J. Visintainer Sr.
  - 2nd Vice Commander/Service Officer Phillip Morris
  - Brad Cramlet, Donny Diehl, Andrew Sabin, Matt Christiansen and Tommy Nielsen
